

ALFAGOMMA OIL & MARINE

Alfagomma Oil & Marine division specialises in the design and manufacture of **single and double carcass** marine hoses for **offloading** and **loading offshore systems**. Driven by **reliability**, **innovation** and **commitment to quality**, the Division offers products compliant to the industry's standards and international regulations.

The **floating** and **submarine hoses** can be employed in various configurations:

1. **CALM/ SPM** cargo transfer systems - floating
2. **CALM/ SPM** cargo transfer systems - submarine
3. **TANDEM** cargo offloading systems
4. **CBM/ MBM** cargo transfer systems
5. **SHIP TO SHIP (STS)** cargo transfer system

SAFEWAVE

Safewave marine hoses are designed for safe operations and long service life:

- The extruded lining grants **integrity** and **optimal rubber adhesion** to the end-fittings.
- Reinforcing materials have been selected and tested to **warrantee durability** and **flexibility**.
- The synthetic rubber cover **guarantees resistance to UV-rays, abrasion** and **tearing**.

Alfagomma Safewave product range is compliant and exceeds the requirements of **GMPHOM 2009, BS EN 1765, BS EN 1762**, and meet the most stringent customers' specifications.
